Visitor Restrictions for Designated Recreation Sites, Special Recreation Management Areas, and Other Public Land in the Las Cruces District, NM

AGENCY: Bureau of Land Management (BLM), Interior.

ACTION: Final supplementary rules; Visitor restrictions.

SUMMARY: The BLM New Mexico State Director is establishing these final supplementary rules, which are necessary for the protection of persons, property, and public land and resources

currently under the Bureau's administration within the Las Cruces District, New Mexico and those lands acquired for inclusion within the administrative jurisdiction of the BLM as provided for in 43 CFR 8365.1-6.

EFFECTIVE DATES: December 13, 1995.

ADDRESSES: Inquiries or suggestions may be sent to the District Manager, BLM, Las Cruces District Office, 1800 Marquess, Las Cruces, New Mexico 88005.

FOR FURTHER INFORMATION CONTACT:

- Mark Hakkila, Outdoor Recreation Planner, BLM Mimbres Resource Area, 1800 Marquess, Las Cruces NM 88005, (505) 525-4341.

- Kevin Carson, Outdoor Recreation Planner, BLM Socorro Resource Area, 198 Neel Ave. NW, Socorro NM 87801, (505) 835-0412.

- Joe Sanchez, Outdoor Recreation Planner, BLM Caballo Resource Area, 1800 Marquess, Las Cruces NM 88005, (505) 525-4391.

SUPPLEMENTARY INFORMATION: The visitor restrictions are necessary for the management of actions, activities, and use on public land including those which are acquired or conveyed to the BLM. Supplementary rule making is provided for under Title 43 CFR Subpart 8365. These regulations establish rules of conduct for the protection of persons, property, and public land resources. As a visitor to public land, the user is required to follow certain rules designed to protect the land and the natural environment, to ensure the health and safety of visitors, and to promote a pleasant and rewarding outdoor experience.

Exceptions to these visitor restrictions may be permitted by the authorized officer subject to limits and restrictions of controlling Federal and State law. Persons granted use exemptions must possess written authorization from the BLM Office having jurisdiction over the area. Users must further comply with the zoning, permitting, rules, or regulatory requirements of other agencies, where applicable. More specifically, the purpose falls into the following categories:

- *Implementation of Management Plans*—Certain prohibited activities have been recommended as rules for designated recreation sites and Special Recreation Management Areas (SRMAs). In order to implement these recommendations, they must be published as specific prohibited acts in the Federal Register. Use of the Supplementary Rules Section of 43 CFR, Subpart 8365, is the most appropriate way of implementation. Rationale for

these recommendations is presented in its entirety in the resource management plan or recreation management plan for the specific area.

- *Mitigation of User Conflict*—Certain other rules are recommended because of specific user conflict problems.

Prohibiting the reservation of camping space in developed campgrounds will allow such space to be available on a first-come, first-served basis. This will prevent people from monopolizing the use of limited developed camping space. Prohibition of motorized vehicle free-play (operation of any 2-, 3-, or 4-wheel motor vehicle for purposes other than accessing a campsite) is necessary to minimize the noise and nuisance factors that such activities represent in developed recreation sites.

- *Public Health and Safety*—The erection and maintenance of unauthorized toilet facilities or other containers for human waste on the public land could represent a major threat to public safety and health. It should be noted that shooting restrictions recommended do not prohibit legitimate hunting activities except within ½ mile of developed sites. Recreational shooters will be encouraged to use public land where such shooting restrictions do not apply and this use does not significantly conflict with other uses.

- *Complementary Rules*—Some rules, such as parking or camping near water sources, are recommended to complement those of State and local agencies. Because these rules provide for the protection of persons and resources in the interest and spirit of cooperation with the responsible agencies, these rules are deemed necessary.

This notice supersedes previous notices published in the Federal Register, December 15, 1988 (Vol. 53, No. 241); July 24, 1989 (Vol. 54, No. 140); August 17, 1989 (Vol. 54, No. 158); August 31, 1989 (Vol. 54, No. 168); May 10, 1990 (Vol. 55, No. 91); July 9, 1991 (Vol. 56, No. 131); January 22, 1991 (Vol. 56, No. 14); and correction to Supplementary Rules No. 2., February 1, 1991 (Vol. 56, No. 28), establishing Supplementary Rules for Designated Recreation Sites, Special Recreation Management Areas and Other Public Land in New Mexico.

Proposed visitor use restrictions were published in 60 FR 109, pages 30093-30095, June 7, 1995. No comments were received on the proposed rules. Therefore, the rules are being published in final form with no changes.

Under the authority of 43 CFR 8365.1-6, the Bureau of Land Management issues the following
